FILE HEADING

Bye laws for the Sanitary Control and Supervision of Mass used for the manufacture of Aerated Waters

FROM

The Common Corporation of Bore

No A 1(7)/52-53 Dated 4 10 52 Received

Diary No 5366/mt	Enclos	Spare copies	Serial No

BRIEF ABSTRACT OF LETTER

Forwards draft of the above Bye-laws tendentially for approval as per conclusions issued in this office U o note 129 dated 25 7 52

NOTES AND ORDERS

The draft is based on the model of the Bye-laws in force in the Madras Corporation A Copy of the Madras Bye-laws has however not been sent as stated by the Commr

2) In the light of the observation of the Advocate General Secretariat in the U o note referred to above is noted below —

" licence fee cannot be prescribed under the Bye-laws as the taking out of licence and

NOTES — First Sheet

WD 31470—GPB—5,000 -24 9 51

File No 5366 ml of 1952 53 | General and Revenue Secretariat

the fee to be charged therefor are governed by Secs 285 to 343 and Sec 385 (2) and not by Sec 367 under which the bye laws is framed. This should be done under Separate Rules to be framed as are appended to the bye laws. Also the penalty for contravention of the bye laws under Sec 369 is distinct from the penalty for using any place for the purpose of carrying on any trade without a license prescribed in Schedules VI & VII This factor also lends further support to the need that the licensing provisions should be separately from the provides for tenders

Sub sec (17) of Sec 297 requires that applications for Renewal of License should be made not less than 30 days before the commencement of the year for which the License is sought for i e before the 1st March of each year But the bye laws 1(d) as in the present draft requires such applications to be made before the end of 15th month of each year which means before the end of April each year This is inconsistent with the provision of Law

The forms of License in Schedule VI) in various places used for the preparation of Bread Biscuits etc and not aerated

2037/LD

Bye-laws for the Sanitary Control and Supervision of places used for the manufacture of aerated waters ~~waters~~ These Requires to be Corrected

The Bye laws makes Consultation of the Health Officer a pre-requisite for the Corporation to grant the License There Specific Stipulation of the Corporation having to Consult a Subordinate Officer may afford Scope for challenging the decision of the Corporation on this ground There Specific Condition in the Bye laws may be unnecessary, though Such Technical Consultations are usual in all these Cases for advantage Gratuitous Convenience even without providing for it

The necessity and usefulness of Bye laws Nos 14, 15 & 16 which are not found in the Madras Bye laws Requires Consideration in view of the powers in Bye laws 22 and 25

3) Corrections have been made in the draft in the light of the above observations

4) The file may be Referred to the Law Secretary for Scrutiny of the draft and Remarks
